Let us help you or your friends and family navigate transportation options in Door County.

One client used the loan program three times after seeing a flyer at the Job Center. They purchased a car first, but then the family outgrew it and they bought a van. After a hit-and-run totaled their first van, they used the program again to get another. *"Being approved for the loans was very relieving; it took the stress out of not having a vehicle."* ~ Loan Client
